Action needed at Kilmac' Dump

To the people of the Kilmac'thomas area the place in the photographs is only too well known. It is the local dump and what a mess it is! Dumps being what they are, are always in a mess, but the state of this one is just a bit much. As can be seen the area of road by the dump is literally covered with paper, rags and solid objects. In fact, one can go so far as to say the dump is overflowing onto the road. With practically everyone in the world concerned presently with the health hazard of pollution etc., surely this is no way for an authority to take care of a dump. Who is to blame for this negligence for that is what it is? There are some who would blame people who dump their refuse there. Are those people at fault? No, they are not! Waterford County Council is entirely to blame for this. Obviously it is the property of the County Council as they have a "poison" notice erected there. What good does this do?

Dungarvan Urban District Council have gates at the entrance to their dump and only at certain times are these gates open, as they are kept under lock and key. The Council is worried about fire and the threat, if it were to break out, to the immedi-

ate area and rightly so. Passing the Kilmac'thomas dump in the night-time one can often see a fire in progress. Of course, one has to admit they are small and so far have caused no harm. However, small as they may be, a sudden gust of wind or slight breeze could fan this small fire into a raging inferno. The possibility of this may be slight but nevertheless the possibility is there. Is the Council prepared to accept the consequences of what might happen if this

were to occur? With the amount of trees in the immediate area the result could be catastrophic. What of the river between the dump and the trees? Surely this would stop the fire from spreading to the trees? Would it? Not likely, considering this area of river is practically covered with refuse.

Obviously, the river from this point down to where it meets the sea at Bonmahon must be polluted to a certain extent. The refuse must be

doing some harm to the water. Could this be the reason as to why, in recent years fish are scarce in this stretch of water? Makes you think, doesn't it?

What is the intention of Council towards solving this problem or are they oblivious of the matter? If it should continue like this in a year, maybe less, maybe more, no one will want to pass it. Presently even the opposite side of the road is littered.

Something must be done about it and done soon.

can't continue. Anyone can see the dump is overflowing. People pass there every day of the week, children going to school. What is there to stop a child from wandering in there. A slight cut received in this place could result in blood poisoning. The Council will say the notice was there. What more can we do?

If something is not done to this dump the Council will just have to provide a new one. The dump has been in this state for some weeks now.

We need action before it is too late.

FOOTNOTE—

In a report on Planning prepared by Mr. J. D. Harty, County Engineer for a special meeting of Waterford County Council he states: "In the broadest general terms the objective of the County Plan in Waterford has been to preserve the rural character of the countryside... to ensure that any development in the countryside is blended in or minimised... to ensure that human, animal and industrial wastes are so disposed of as not to pollute either earth, air or water..."

The members of the Council for the Preservation of Rural England once drew up this invocation to be added to the church litany:

"From all destroyers of natural beauty in this parish and everywhere from all polluters of earth, air and water; from all makers of visible abominations; from jerry-builders, disfiguring advertisers, road hogs and spreaders of litter; from the villainies of the rapacious and the incompetence of the stupid; from the carelessness of individuals and the somnolence of local authorities; from all foul smells, noises and sight good Lord, deliver us!"

The Minister for Finance, Mr. Richie Ryan, T.D. addressing the annual general meeting of the Waterford Constituency Executive of Fine Gael at the Friary Hall, Dungarvan on Thursday, 25th October, said —

The economy is booming with the rate of production growing at a faster level than in any year since 1965. The growth rate this year will be twice what it has been in any of the last three years.

All this has happened not by accident but as a consequence of the Government's deliberate expansionist policies.

Exports this year are 31% higher than last year. While imports too are higher by 24%, a considerable part of increased imports are in respect of capital goods and raw materials for manufacturing industry and agriculture. These figures are themselves proof of the quickening

Economy is Booming says Minister at Dungarvan

pace of activity in all sectors of the economy.

HOUSING.

All this growth has happened without putting too much strain on any sector of the economy. It has been achieved by taking up the under-used capacity of industry and by a substantial growth in investment. Housing is a case in point. The Government investment in local authority housing this year is 150% of what was spent by the previous Government. In addition many more houses are being built privately. Building societies notwithstanding all the politically motivated false propaganda against them, are advancing more money this year for newly constructed houses than was ever previously lent. That these are not mere paper figures is

proved by the fact that cement sales are up by 21% this year over last year and in September this year (the last month for which the figures are available) there were 1,200 more men working in the construction industry than in the comparable month last year. There will be some 6,000 additional new houses this year over and above last year's housing output.

ESTATE DUTY

The Government is firmly committed to the replacement of estate duty with an equitable form of taxation which will enable people to pay tax on their possessions over a long period of years instead of at a time of family bereavement. In the interests of everybody, including notably, early farmers, it is vital that the new system of taxation be ready to replace estate

duty when it is abolished. Otherwise Ireland would become a tax haven for wealthy people from all over the world who could rush in here to buy up Irish farms and assets to the serious disadvantage of the Irish people.

The Government's recently announced decision to require the mining industry to pay their fair share of taxation was just and proper. It is interesting to note that while the opposition are trying to stir some political advantage out of an accusation that it was wrong for the

Government to have gone back on the 1967 tax exemption of mines, they have not the courage to suggest that mines should not be taxed in future. Their conduct is very much like somebody asking for eggs either scrambled, fried, poached or in an omelette but demanding at the same time that the meat be prepared without breaking eggs.

CONGRATULATIONS
Congratulations to our near neighbours Ballyduff and Tourin who were both successful in their respective games on Sunday last. Ballyduff footballers continued to surprise all with another well deserved county title for the village, quite a remarkable performance for them when one considers how small their selection panel is. Tourin hurlers had a great tussle with Tallow before advancing to meet Dunhill in the final in a few week time. Here's hoping they go all the ways.

ATHLETICS
The Lismore Athletic Club held their annual general meeting on Saturday night last at R. Foley's lounge. In

the absence of the Chairman, the Secretary, welcomed all present and said he was delighted to see a lot of new members present, particularly young boys. Last year he said was not a good one for the club and only three athletes kept the home colours flying. However, he said, that the coming season would be better.

Officers elected were: Patron, Rev. Fr. Keating; Chairman, Denis Power; Secretary, Paddy Whelan; President, John Barry; Treas., John Barry and Joe Whelan; committee, J. Cahill, H. Whelan, P. L'neen, B. Ormonde, E. Hogan, J. Prendergast, G. Atkins, B. Landers, P. Ahearne, E. Brackett T. Shanhan, J. Ryan, E. Fentn, J. Whelan. Training commences each night at Whelan's at 8 p.m. All new members welcome, especially the young boys.

In fact the race was a complete triumph for the Kinsalebeg club as they supplied the first four home with Tony Shalloe in second place, club secretary Michael Halloran in third place and Jimmy Morrissey in fourth place. The prize went to the Kinsalebeg B team consisting of Robbie Walsh, Tony Shalloe, Michael Halloran and Pat Collins. The talking part in this race was discussing when one thinks of the large number which took part in the novice league last year.

On the juvenile front pride of place goes to the newly formed Grotto A.C. and what a pity that Fr. Jim Curran was not there to see his charges collect their first team prize for the club. The honour went to the girls U-12 and the race was a triumph for Grotto A.C. in every sense because they had the winner and third as well as collecting the team prize. For the record the race was won by Brid Shanahan with Catherine Power of Tramore A.C. in second place and Louise Stafford in third place. The other two members of the winning Grotto A.C. team were Belita O'Neill and Catherine O'Brien. In the boys under 10 race John O'Brien of Bally A.C. was an impressive winner from O'Shea of Tramore A.C. and Bove of John's Park A.C. and more should be heard of this youngster in the future. The girls U-10 race saw Mary Hallahan of Grange A.C. continue her winning sequence with another good win from her team mate Marie O'Connor and what a pity these two girls didn't get better support from the rest of their team. Much better packing by the girls from Tramore A.C. ensured them of the team prize, but Grange A.C. have the material to win team prizes with better backing behind two such promising runners.

Niall Flynn of Dungarvan A.C. got back into the winners enclosure with a very smooth run in the boys U-12 race and he looked a class apart in this race. In second place was Paudie Prendergast of St. Nicholas A.C., a brother of Bernadette who won the girls U-16 race and here we have what looks like a very promising athlete who will improve with more competition. Dungarvan A.C. collected the team prize rather easily thanks to the backing given to young Flynn by Jerome Kiely, Edward Moors and Joe Hennessey. In the absence of Dermot Cunningham of Tramore A.C. the boys U-14 race proved to be a very interesting one and in the end victory went to Tom Foley of Friary A.C. who just survived a last ditch effort by Pat Mooney of Bally A.C. What would have happened if young Mooney made his finishing burst

earlier on is mere conjecture, but the strongly built Friary boy would probably have survived in any case. Fintan Murray of St. Nicholas A.C. continued to show improvement to take third place and Friary A.C. brought further joy to Fr. McCarthy by collecting the team prize and their scoring four were, Foley, Charles Daly, Brian O'Shea and Colum Nagle. We had the unusual sight of three girls lining up with the U-16 boys but this was done to save time and I am sure that long before the race was over that some of the boys would have preferred if the girls had run their own race! You see the girls were no slow coaches and they caused many of the boys to blush by leaving them behind! Bernadette Prendergast won the girls "race" from her team mate Kay Moloney and Bernie Flynn of De La Salle A.C. The boys race went to Sean Meehan of Dungarvan A.C. who was followed home by Mattie Curran of Friary A.C. and Pat Gear of John's Park A.C. This was a good display by young Meehan who was pushed for a long time by Mattie Curran. This race marked the return to something like his old form of Michael Fitzgerald of Dungarvan A.C. and he ran well to finish fourth ahead of Brendan O'Shea of Friary A.C.

The full results were as follows — Boys U-10 1—E. O'Brien, Bally A.C. 2—C. O'Shea, Tramore A.C. 3—E. Bove, John's Park A.C. Team, Tramore. Girls U-10 1—M. Hallahan, Grange A.C. 2—M. O'Connor, Grange A.C. 3—O. O'Regan, Tramore A.C. Team, Tramore. Boys U-12 1—N. Flynn, Dungarvan A.C. 2—P. Prendergast, St. Nicholas A.C. 3—P. Walsh, John's Park A.C. Team, Dungarvan. Girls U-12 1—B. Shanahan, Grotto A.C. 2—C. Power, Tramore A.C. 3—L. Stafford, Grotto A.C. Team, Grotto. Boys U-14 1—T. Foley, Friary A.C. 2—P. Mooney, Bally A.C. 3—F. Murray, St. Nicholas A.C. Team, Friary A.C. Girls U-14 1—M. Clarke, Tramore A.C. 2—A. Corcoran, Tramore A.C. 3—B. Quilly, John's Park A.C. 4—S. Quinn, Grange A.C. 5—E. Lonergan, John's Park A.C. No team prize. Boys U-16 1—S. Meehan, Dungarvan A.C. 2—M. Curran, Friary A.C. 3—P. Gear, John's Park A.C. 4—M. Fitzgerald, Dungarvan A.C. 5—B. O'Shea, Friary A.C. Novice League 1st Leg 1—R. Walsh, Kinsalebeg A.C. 2—T. Shalloe, Kinsalebeg A.C. B. 3—M. Halloran, Kinsalebeg B. Team, Kinsalebeg B.

A word of thanks to Paddy Ryan of Kilsbrien on whose lands the races were run on Sunday last, also to Fr. Kelleher and Fr. O'Donnell, who recorded and made out the results. On Sunday next Bally A.C. are promoting open cross country races for boys and girls U-9, 11, 13, 15 and 17, at McGrath's Cross beginning at 2.30 p.m. The Munster novice cross country championships, which were originally fixed for next Sunday have been postponed to a later date. This should give our senior athletes much needed outside competition as they can now run in the road race in Wexford.

SCOUT NOTES

11th WATERFORD — DUNGARVAN

We're back again folks every fortnight with news and views about the troop. We wish to extend our sincere sympathy to Mrs. James McGrath and family on their recent bereavement.

Saturday and Sunday next, 3rd and 4th of November will be our Annual Flag days, please subscribe generously to this worthy cause. Parents please make sure that your son is out on those days collecting.

Last week's meeting starting with a few prayers and working through some games and test work for the investiture coming up any week now. We hope to have around the 30 mark to be invested.

Yesterday, Wednesday we held our annual Halloween party, we will give you further particulars next time. P.G.

For the long while now we have been working on a theme basis for our weekly meetings i.e. we pick a theme — test work this month — and after jotting down all aspects of the particular theme we work them into our meetings. So far it has worked wonderfully.

Lately we dug out the old song sheets and on adding some new songs began to teach the boys out, like a few years ago when Mr. Ivagie taught us songs, the boys are not very interested but I guarantee them in years to come they will, when they are at sing songs or camp fires, just as we are now.

In this paragraph we wish happy birthdays and the likes to scouts and mention some event that happened in the troop in former years. So happy birthday R. Burke and G. Butler.

On this day—In October, November 1968 we were preparing for the scout concert around Easter 1969. On the 10th of November 1969 interest circles were formed.

Cub Talk—This section of the troop hasn't been long in existence but it has a membership of 33 under the leadership of Nickey Sheehan and Gerald Foley. Their meeting usually consist of a few prayers, test work and a few games thrown in to liven the meeting up, but last Tuesday's meeting was different — it was a Halloween party and a great night was had by all going through the usual games with fancy dress thrown in.

HANNON DOUBTFUL

Waterford's star corner back, Shamie Hannon, who received a hand injury in the League game against Clare is a doubtful starter for Sunday's vital game against Wexford.

DUNGARVAN'S OPPONENTS

Dungarvan's opponents in Sunday week's county junior football final will be Roanmore who defeated Ballyduff Lower, in last Sunday's Eastern final by two points (1-6 to 0-7) after a well contested game. Certainly Roanmore are not a side to be under-rated and playing in their first ever adult county final they could pose quite a problem for the local side. The curtain raiser on Sunday week, November 11th, will be the county minor football final between Tallow and Mount Sion.

U-16 FOOTBALL TOURNAMENT

County U-16 football champions, Nire and Brickey Rangers meet at the Fraher field on Sunday morning next at 12 noon, in a special Tournament game and the Nire boys should win this one.

Monatrea, Kinsalebeg

Deep feelings of profound regret were expressed at the death of Miss Margaret Harty, late of Monatrea, Kinsalebeg, who died on Wednesday evening, October 24th, at the district hospital, Dungarvan, after a very short duration of illness. The deceased was a very well-known and popular lady especially in her native district and a member of a most esteemed family. To her sorrowing brother James, with whom she resided and her sisters, Bridget and Catherine; nephew, P. J. McGrath and niece, Eibleen McGrath, we tender our sincere condolence.

Her remains were removed on Thursday evening to Piltown Church, followed by a very large cortege and were blessed and received by Rev. Fr. M. Kennedy C.C. Requiem mass was offered on Friday and the funeral took place to the old cemetery at Grange where the interment took place. Another large and representative concourse were present. Rev. Fr. M. Benefits from joining E.E.C.

The significant expansion in the volume and value of agricultural output in the past year is the most positive confirmation of the benefits from joining the E.E.C. in the Irish Farmers Association predicted for Irish farmers. This was stated by Mr. Pat Bobbett, Chairman, Meath Co. Executive, I.F.A., who was deputising for Mr. T. J. Maher at the annual dinner dance of Monaghan Co. Executive I.F.A. in Monaghan.

Mr. Bobbett said this expansion, and the associated improvement in farm incomes, is a direct consequence of the Common Agricultural Policy in ensuring stable prices and guaranteed access to markets for our products.

He said: "In the remaining years of the transition period to full harmonisation with the provisions of the E.E.C. there will be further benefits accruing from the alignment of our prices to the generally higher prices prevalent in the Common Market. We should be wary, however, of falling into a complacent attitude because of this a generally rising price level for agriculture commodities may be more difficult to achieve in the longer term."

"Real income gains for farmers will depend as much on rising productivity both at farm and farm processing level. This will only come about through greater investment in agriculture and greater attention to management. Thus in these next few years it is vital that farmers use the benefits of price increases to lay the ground-work, through investment in land reclamation, structural improvements and herd expansion, for greater productivity gains in the future."

"Certainly the opportunities for investment are there. Research indicates that our agricultural land is now being used at less than 50 per cent of its capacity, given the present state of knowledge of production techniques. Our national stocking rate in 1973 is almost two acres of grass per livestock unit. This could be doubled with even low inputs of fertiliser and doubled again with more intensive systems of beef production without reducing the tillage acreage."

"There are many indications that farmers are responding to this challenge. In the past farmers were not prepared to borrow to buy cattle, for example, because with the high prices there was a real possibility that cattle might well have to be sold at a loss. Now that is not the case. With E.E.C. membership the position is different. With knowledge of future prices it is possible to plan and budget in greater certainty and confidence. Thus we have seen farm borrowings increase dramatically in the last 12 months. In the year to November 1972, farm borrowings from the commercial banks increased by 38 per cent in the year to May 1973 by 46 per cent."

"Borrowing from the Agricultural Credit Corporation increased by 66 per cent between 1971/72 and 1972/73. There is also more use being made of facilities for farm equipment leasing and suppliers' credit."

Mr. Bobbett added: "This increase in credit availability is reflected in increasing livestock numbers, more and better farm buildings and greater output. It is an encouraging sign that our greatest industry is adapting itself to the future."

CAPPOQUIN I.C.A. - The monthly meeting of the Cappoquin I.C.A. Guild was held on Wednesday, 11th October. Much satisfaction was expressed at the success of the jumble sale and we would like to thank all those who contributed to it so generously. The Christmas cake was won by Yvonne Nugent of Salsbridge Gates. Our Annual General Meeting will be held next month. All members will be notified of the date in due course.

CAPPOQUIN DISTRICT GAME PRESERVATION SOCIETY - The Cappoquin District Game Preservation Society recently held its Annual General Meeting. The Secretary's report showed that 299 pheasant gulls were released this summer and have done well. Vermin control continues to be a big problem because of the very large fox and gopher populations.

The Society has plans afoot for the rearing and preservation of wild duck in the area. The news has been welcomed by all. This year once again the popular Christmas Party will take place.

The Society wishes to thank all the landowners in the area for their support and co-operation which the Society could not exist.

COUNTY STAR - Mr. Hackett continues his magnificent club form on the county senior football side and helped Waterford to a comfortable win in the National League against Limerick on Sunday last. He notched 1 goal and 1 point from his full forward position. His recent displays most surely make him a regular on the side now.

MACRA NA FEIRME A.G.M. - Cappoquin Macra held their A.G.M. last week. It was a well attended meeting. Both the Hon. Sec. and Hon. Treas. reports were unanimously adopted. The following officers were elected - President, Mr. Finbarr Power; Vice-pres., Mrs. L. Radford, B. Healy, L. Power and Mrs. G. Dempsey; Chairman, Mr. Francis Manera (outgoing Andrew McGrath); Vice-co., Mr. Liam Herlihy; Hon. Sec., Miss Siobhan O'Donoghue (outgoing Miss Jennifer Murphy); Assistant co., Miss Cora Denn; Hon. Treasurer, Mr. James Walsh; Assistant co., Miss Mary Herlihy; P.R.O., Mr. Noel Lacey. Delegates to Co. Executive, Chairman, Secretary with Finbarr Power, Andrew McGrath and Liam Herlihy. All the above plus Jennifer Murphy, Mrs. Carnoy, Teresa McGrath, Kathleen Hannan, Bernadette Walsh, James Denn, William Scanlon and Gerry Hennessy.

ADULT EDUCATION COURSE - The Adult Education Course will commence on Monday next, 5th November at 7.30 p.m. at St. Anne's School. There are still a limited number of places open, so anybody interested are heartily welcome to attend where any necessary information will be furnished.

G.A.A. - In the Western Junior hurling final at the Sportsfield on Sunday last, Tourin emerged victorious over Tallow in an entertaining game which at times became over robust and but for the firm handling of referee Jim Joe Lander, might have got out of hand. Tallow must surely bemoan their missed chances as in their recent games they have failed to take golden opportunities offered to them. On the other hand all credit to Tourin who sustained the early lead they built up and held it to the finish.

DARTS - Local teams, Morrisseys and Cummins both had draws in their matches against Kereen Bar and Maddens respectively in the West Waterford League on Friday night last. While the scoring was quite good the "finishing" proved to be the "Achilles Heel" of our home sides.

CAMOGIE NEWS - Congratulations to our local camogie who in their first season in Junior Camogie have created something of a sensation in qualifying for the final of this competition. Last Sunday they defeated a fancied Qualifier side in the semi-final and this youthful team can justifiably feel proud of themselves. They really are only too young for the moment but what they have achieved which they make up for in determination.

Late Patrick Wade

Kilgobinet, Dungarvan

It is with deep feelings of sincere regret we place on record the death of Patrick Wade, Kilgobinet, who died on Sunday, October 28th at St. Joseph's Hospital, Dungarvan, after a period of illness but at the allotted span. The deceased was a well-known member of the farming community and of a very popular family. The late Patrick Wade was a gentle and most retiring person and a friend of all his acquaintances who now mourn his passing.

To his sorrowing brothers, sister and relatives we tender our deep condolence.

His remains were removed on Monday evening to Kilgobinet Church followed by a very large cortege and were blessed and received by Rev. Fr. C. Kelleher C.C. Requiem mass was also offered on Tuesday morning for the repose of his soul and the interment took place in the adjoining family plot. Another large concourse were present. Rev. Fr. C. Kelleher C.C. also imparted the final absolution at the graveside.

Chief Mourners - Brothers, Thomas Wade, Michael Wade, Kilgobinet. Sister, Miss Margaret Wade, U.S.A. and a large circle of cousins, relatives and friends.

Mr. Maher on taxation system

Any changes to be made in the taxation system should come as a result of a deep and thorough examination of the taxation system as a whole, taking into account the needs of the various sectors of Irish economic life.

So stated Mr. T. J. Maher, President of the Irish Farmers' Association, in a statement.

He said: "There is a danger that in the research now being carried on by the Government Department that an assumption might be made that income tax as such is the system best suited to the farming community. I do not accept that we have sufficiently researched this subject to reach this conclusion. I accept fully that when it is clearly the case that the farmers income situation has improved sufficiently that he should be responsible for bearing a greater share of the cost of upkeep of the State."

"However, account must be taken of the needs of the industry in terms of the expansion of production which could be brought about assuming that the necessary resources were available. Most of this desirable expansion in production can only come about by the farmer himself making the necessary investment. Should a new taxation system be implemented which would carry within it a disincentive to the farmer to make the necessary investment and so seriously interfere with the expansion programme, then we as people could lose much of the advantages of Common Market membership."

"It is being suggested by some spokesmen that small or medium sized farmers do not have to worry about the imposition of an income tax system in agriculture because the case is being made that they would not be liable for such tax. Hence I want to issue a serious word of warning. No Government will introduce a new system of tax unless they are confident that that system will give worthwhile returns in terms of finance, and so the aim will be to spread the net as widely as possible over the farming community."

"Small or medium sized farmers would be very unwise if they believed that they would not be involved, and so we must be on our guard to ensure that any changes to be made do not prevent us from reaching the goal of full production."

"Before this present Government took office we were promised that there would be radical changes in the system of Estate Duty. We still await these changes and I now call on the Government to honour their pledge without delay and to relieve, as we suggested, the immediate relatives of the farmer from the burden of Estate Duty. Even medium sized farmers today are being put at risk because of this inequitable system which has been seriously exaggerated by uncontrolled inflation."

Waterford Face League Champions

Waterford hurlers fresh from their victories over Galway and Clare travel to New Ross on Sunday next to play League champions, Wexford, and with memories of their two meetings last April still fresh in our minds then there should be a huge exodus of Deise hurling fans across the Bridge to Ross on Sunday.

In early April of this year, Waterford having won out in Division I B of last season's National League took on Wexford at Nowlan Park in the Quarter final of the competition and many gave them little chance of success against the model county men. However at the end of a most exciting hours hurling, Waterford had deservedly earned a replay. One week later they again more than held their own and in the end only a puck of the ball separated the sides in Wexford's favour.

Subsequently the model county men went on to defeat Kilkenny in the semi-final and Limerick in the League final. So six months after their Nowlan Park tussle, if Waterford had won in April, would they have gone on to win out the competition. We will

never know the answer to this question. Yet Sunday's game should at least give us an interesting guide line in this direction.

OLD RIVALS

The fortunes of both counties in the hurling world follow somewhat similar patterns. Waterford won their first All-Ireland in 1948, while Wexford were also on the brink of greatness in the early fifties and they captured the McCarthy Cup in 1955 and 1956, after falling in the final of 1951 and 1954. During this period we saw some really memorable games between the counties in the League. In 1953 at New Ross, Wexford, before 8,000 spectators, won an epic game by 3-14 to 4-10. In 1954 at Dungarvan, Waterford won by virtue of a last minute score by Patsy Donnelly. Then 1956, at Walsh Park, Waterford's young team, who had shown great promise against Cork in that year's championship took on the All-Ireland champions before a huge attendance and after a truly memorable hour's hurling, Waterford became the first side to half Wexford's famous team, as that great game ended in a draw. Waterford went on to

reach the finals in 1957 and 1959, when they won the All-Ireland.

Wexford veterans came back to shock Tipperary in 1960 and they were only just shaded in the 1962 final by Tipperary. Waterford reached the final in 1963 and that was the final fling for that generation of Deise hurlers. Wexford brought forward a new squad to win the All-Ireland in 1968 and they like Waterford are now seeking the ideal blend for a new team for All-Ireland honours.

CURRENT FORM

Their fare over the past twenty five years show that Wexford have won four of the nine All-Ireland finals which they have contested, while Waterford have won two of the four finals which they have contested. So Wexford's record bears better reading. However, been placed in Leinster gives them a head start over us as they have only to contend with one really consistent challenger in Kilkenny, while of course there are no soft touches in Munster.

Now let us get back to current form. In their two outings to date in the League Wexford first of all overcame an under-

strength Cork team. Then they travelled to Thurles and defeated Tipperary, a result which shows that the League champions are in top form at present and playing on home territory. Tony Doran, Pat Nolan, Cristy Jacob, Pat and John Quigley, Tom Byrne, Willie Murphy and company will start as favourites to take the points. Waterford for their part travelled to Athenry and overcame Galway. Then two weeks ago they scored an impressive six point win over a useful Clare team at Walsh Park and we can be certain that our players will be extra keen to win over Wexford and prove to all that they are a better team now than they were in April.

TEAM SPIRIT

This present Waterford team has now been together for over a year and they have achieved much and in the process they have built up a wonderful team spirit which has carried the county out of the rut of Division B hurling, a tournament victory over Cork at Dungarvan and now full points from their first two game in grade A competition and make no mistake about it on Sunday next they face Wexford not as rank

outsiders, but as equals and rightly so as this is a measure of how far they have advanced the course of Waterford hurling in one twelve months. Every team must with dedication battle their way to the top. Two separate generations of Waterford hurlers have blazed the trail for all others to follow. There are no invincible teams in hurling or football or for that matter in any sport. Limerick hurlers and Offaly footballers are the two outstanding examples of this in recent times, who have won their way to the top the hard way. No team can ever afford to be over confident. Yet, on the other hand no team can make it to the top without absolute confidence in their own ability.

Defenders, Martin Kirwan, Paddy Coady, Shamie Hannon, Davy Duggan, Jim Greene, Pat McGrath, Mick Foley and Pat Flynn; mid-fielders, John Galvin, Pat O'Grady and Mossey Whelan; forwards, Martin Hickey, Andy Heffernan, Tony Reid, Stephen Greene, Liam Canning and Martin Geary have the hurling ability to win this crucial game for Waterford on Sunday next and I believe that they will do just that.

FOOTBALLERS EMULATE THE HURLERS

ANOTHER FINE WIN IN THE LEAGUE

Waterford ... 2-9; Limerick ... 0-8. The fine run of success enjoyed by Waterford in both football and hurling Leagues continued on Sunday last when the footballers travelled to Kilmallock and returned with two points which put them at the top of the Division II Section A table after two series of games. They are now off to a fine start and the possibility of promotion may, at least be thought about, although it is still a long hard struggle away.

Nevertheless, when this League began only a few weeks ago, few gave any thought to Waterford's chances. They had reached an all-time low in the Munster championship last summer after a disappointing winter in the previous League. It has been too easily forgotten, maybe, that it was only a year before that again that they were in Division I with notable performances against Galway, Kildare, Cork and Offaly.

UNCOMFORTABLE FIRST HALF

Kilmallock is a very tight pitch on the site of an old Fair Green right in the centre of the town. There is a disconcerting ridge near mid-field which caused Waterford a lot of trouble to master. The first-half was uncomfortable for them, even though they had a larger share of the play. But, the shooting of the attack was grossly inaccurate even when they built up promising moves, as they often did. When Limerick broke away they strung out the Waterford half-backs dangerously and might have scored more with greater forward power.

In that half the Waterford half-back line was often in trouble, though it might be said that they were left rather uncovered for the breakaway by the centre-fielders who kept moving in behind the attack. This is the style of both Hennessy and Casey, and it causes the paradoxical situation of both mid-fielders playing solidly as individuals while the mid-field partnership is less than masterful.

SOUND FULL BACKS

Of course, the mid-fielders, too, demand to be excused somewhat, since they must have been at their wits' end due to the ineffective play of the attack. Throughout this first half, however, great credit is due to the full back line and goalie who made sure that Waterford were still in the game at the interval. Tony Whelan, a newcomer in place of the injured Pat Clancy, had a fine match and will make it hard for the selectors to discard him when Clancy is fit again.

THE RUN OF PLAY

The initial burst of Waterford pressure having yielded no return, Limerick opened the scoring with two points — carbon copies of one another — fisted over by mid-fielder Con Shanahan who had followed up to make the extra man on the right for attacks that developed along the left wing. Already showing signs of unease at half-back, Waterford still forced the play well at this stage to level up the score — two points picked off by Johnny Hennessy who had moved in to take passes from hard-pressed forwards.

From here to the interval, Limerick broke more frequently and looked dangerous on every break, though Waterford still mounted the more constant pressure. O'Connor pointed a free, and T. Bradley picked off two very good points from a distance on the left wing. Waterford could manage a reply of one point by Greg O'Neill. Half-time—Limerick 0-5; Waterford 0-3.

CHANGES

In spite of the rather unsettled first-half, there was a confidence that Waterford could now win the game. Michael Kirwan could not win the game. Michael Kirwan had retired early on, not yet recovered from his injury against Carlow, and had

been replaced, as in that match, by Francis Murphy. At the interval, Tom Moore was introduced at left-half back; Noel Walsh dropped back to the right corner; Robin Ahearne moved forward to centre-half, releasing Pa Walsh for mid-field; Tom Casey then moved up to wing-forward with Joe Flynn retiring.

The second half showed the extent the team had learnt from their first half mistakes, and the incisive play of the revised placings showed how well the selectors had read their lessons in that first half.

IMPROVED PERFORMANCE

In spite of an immediate attack by Waterford, it was Limerick who scored almost at once, Bradley taking his third point. It should have consolidated their position and their confidence, but for the next quarter-hour Waterford took almost complete control destroying Limerick's hopes of success in the process. Vinny Kirwan worked an open and was just wide. Hackett, ignored in the first-half was now being fed better balls; he was fouled twice in quick succession and Kirwan coolly smoothed over the points from the frees, one at 21, the other at 30 yards.

Limerick showed they still had a kick left with a smart point from the right wing by Ahearne. But, Waterford renewed their assaults; the ball was being moved quickly to the attack now and they made good use of the wider spaces they enjoyed. Fleming pointed a combined move; Hackett ran on to a breaking ball near the square and scooped his first-time shot an inch above the bar to his disgust — but it was a well-taken score. Billie Fleming, leaping high in the air, flicked on a high free across goal to drop in the far corner of the net, a score that set Waterford well on the road to final victory. Kirwan tacked on another point, 1-8 to 0-7.

Now Limerick mounted their only period of concentrated pressure in the second half, as Waterford, perhaps, relaxed dangerously. O'Connor pointed a free, missed another. In a last fling, Limerick worked an opening in front of goal, and Noel Walsh paid his way with a wonderful save in the square.

FINAL FLOURISH

Waterford had weathered the crisis and broke away. Hackett got a quick transfer through the centre, side-stepped and swerved past a couple of defenders and creased a beauty with his left into the top corner of the net from 25 yards. The Affane man is on a golden streak of scoring form just now and Waterford should exploit it by feeding him quick balls from back the field. Vinny Kirwan tapped over the last point to finish an altogether satisfactory performance. It is clear that this football squad is developing along the lines prescribed by the hurlers, with a fine spirit of loyalty and dedication, willing to switch places or make way for another on the field without murmur.

There are two promotion places in this Section, both giving entry to the play-off for Division II honours. Kildare, Dublin and Clare may be considered the greatest threat. But, meantime, Wexford are an immediate obstacle, on Sunday in New Ross. That is going to be a hard test but, if overcome, greater ambitions may then reasonably be entertained.

Gaelic Jottings

U-21 F.C.—TALLOW v. BALLINACOURTY

The main game of the day at the Cappoquin venue on Sunday next sees old rivals Tallow and Abbeyside-Ballinacourty in action in the quarter final of the U-21 football championship and we should see some good football from these two teams.

Tallow call on Seamus Treacy, Bernie Pratt, Tom McCarthy, Liam O'Brien, Kieran O'Ryan, Jimmy Cronin, Noel Sheehan and Matt Harpur all of whom played on their junior team against Dungarvan in the recent Western final. Add on lads such as Pat Daly, Liam Tobin, Eddie Condon, L. Morney, F. Singleton, R. O'Brien, B. Crowley etc. and you can see that their side consists of a good energetic side. The Bride-siders have been extremely active of late and this fact should give them a head start on Sunday. In their only outing to date in this grade they scored a big win over Ballyduff, while Ballinacourty defeated Lismore.

They can call on Jim Kiely, M. O'Flynn, Jimmy Fraher, Nickey Cashin, John Moloney, Marty Kiely, Michael Hanrahan, Eddie Cashin, etc. and if they can produce their best form then they should be in with an even money of winning this one.

FOOTBALL LEAGUE

Shamrocks and Kilgobinet footballers meet in the Western Board Division II League final in the curtain raiser at Cappoquin on Sunday next and these two teams should provide patrons of the Cornerstone venue with some lively fare. When these sides clashed early on in the season, Shamrocks won a two point margin and they start as favourites to win the title.

Yet it will occasion no great surprise if Kilgobinet upset the odds here.

NEW RULES ON T.V.

Football fans are provided with an ideal opportunity of seeing the proposed rule changes in operation on Saturday next, when R.T.E. will screen the Grounds Tournament semi-final live from Croke Park. In opposition will be All-Ireland champions Cork and the Leinster champions and 1972 Sam MacGuire Cup winners, Offaly.

LEAGUE FINAL

The clash of Gaeltacht rivals, Ring and Old Parish in the '73 League final should attract a good attendance to the Fraher field on Sunday next, throw-in 3 p.m.

Ring who were shocked in the Western final a few weeks ago by our new county champions, Ballyduff will be extra keen to gain a measure of compensation by winning the Board's Secondary competition and as they have been much more active of late, they should be the fitter side and this fact must tell in their favour.

Old Parish, disappointed in their championship game with Clashmore. However, Old Parish are always capable of pulling out that extra special effort and Sunday's game is unlikely to be an exception in this respect, especially if they are able to last the pace with the Ring men. It should be an interesting tussle with Ring getting the vote to take the title.

BALLYDUFF'S TITLE

Ballyduff ... 0-14; Tramore ... 1-5. Ballyduff Intermediate footballers who were completely unrated prior to this year's championship won the county final in convincing fashion at Dungarvan's Fraher field on Sunday last.

Ballyduff were in front at the interval by 0-6 to 0-4 and they scored three points early in the second half without reply from Tramore. Then following a mix up in the Ballyduff defence, Tramore scored the only goal of the game and for a few minutes the issue hung in the balance, before Ballyduff took control again and ran out deserving winners and this great championship victory proves once again that there are no certainties in the championship and while the standard of football in last Sunday's final was not up to the level that one associates with this grade, but even this fact cannot distract from the merits of Ballyduff's wonderful achievements.

They had outstanding players in Pat Hegarty, Shamie Hannon, Shamie Daly,

Mossey Walsh, Liam Canning, Richie Walsh and Gene Guiry. While Tramore were well served by Tony Partridge, Frankie Sullivan, Tom Partridge, Tom Carberry, Des Nolan and Oly Fleming.

Teams — Ballyduff — P. Feeney, B. McNamara, P. Hegarty, P. Flynn; M. Guiry, S. Hannon, S. Daly, M. Walsh, L. Canning; G. Guiry, M. McNamara, R. Walsh, T. Enright, M. Hannon, D. Feeney.

Tramore — F. Sullivan; J. O'Brien, P. Megagh, J. Flynn; T. Carberry, D. Nolan; J. Cooney, O. Fleming, Tony Partridge, R. Keogh, D. Partridge, E. Connolly.

PORTLAW OUT

County champions, Portlaw, are out of the Munster Club championship. They were defeated by Clare's famed champions, Newmarket-on-Fergus at Newmarket on Sunday last on the score of 6-10 to 3-7.

TOURIN ARE CHAMPIONS

Tourin ... 4-6; Tallow ... 4-4. Tourin who were the firm pre-match favourites to win this junior hurling championship Divisional final played at Cappoquin on Sunday last, were made to fight every inch of the way by Tallow's youthful second string before they eventually captured their first hurling title in a decade.

Early in the first half, Tourin had a player ordered off by referee Jim Joe Landers (Cappoquin) and Tallow made good use of the extra man thereafter and with Kieran Ryan, Pat Daly, Eddie Cunningham, Eddie Condon, Denny Cunningham, Richie McNamara, Johnny Curley and John McDonald playing great hurling they really had the favourites on the run and indeed few would have begrudged them a share of the spoils.

Tourin never played up to the form they displayed in the semi-final and Oly Wilkinson, John Landers, Peter and Berny Scallan, Joe Bennett, Matt English had to work hard to make up for the extra man. Tourin now go forward to play the Eastern champions, who are likely to be Dunhill in the County Final.

Pat Mooney, captain, pictured with the Higgins Cup, won in the Abbeyside U-14 Parish League.

A Mhuinntir na nDeise,

The Monthly Prizes will be as follows —

1st PRIZE — £1,000. 2nd PRIZE — £500.

3rd PRIZE — £500. 4th PRIZE — £500.

5th PRIZE — £300. 6th PRIZE — £200.

and 10 Prizes of £100 each.

In addition to these prizes which will be drawn between all members throughout the country, there will be a special prize which will be drawn for between the members in each county.

There will be £4,333 per month allocated to these prizes proportionate to the number of members in the counties. That means that the more who join in Portlairge the bigger the share of that £4,333 will be drawn for between the Portlairge members. A Mhuinntir na nDeise,

Ta Paire Dúngarban ceannaithe ag Cumann Luthchleas Gael ar £40,000. Ta £20,000 de sin ag an gCoisde cheana fein: da bhri sin, ta £20,000 le bailiú againn agus ní beidh ansan ach tosach na h-oir.

Most of you will be familiar with Ciste Gael — the fund-raising project the immediate object of which is to help raise this £20,000. It is a matter of great encouragement that sales so far are going better than we had ever expected.

May I point out that if we can reach a membership of 3,000 (and the County's population is in excess of 60,000) then the coffers should benefit to the extent of £15,000, clearing the debt, you might say, in one great blow. For some of you this field will have been the scene of past glories, perhaps in the playing sphere or, perhaps only because there you were allowed to shout unashamedly and uninhibitedly. If that be so we urge you to join Ciste Gael in thanksgiving for the past.

If you do not fall into this category then, perhaps, there is the next generation of your family that will. So you may yet be provided with the opportunity of cheering your children to what you yourself would have liked to have been and so your investment in a cynical, doubting world would be an outward sign of your confidence in posterity. Is there a better place that you — whatever age you have attained, or your family, can go on a Sunday?

Those are two reasons why you should support the project. The third is that the Committee of the field is an earnest body of men whose coats are off to do something from which no personal benefit accrues to them and they do this for the community. Could you refuse them the help of your financial assistance, even were there no prizes of £1,000.
